SPOTS Pads Puppy Update

April Birthdays

Thank you so much for all you emails and thoughts about Murphy's very serious and scary bloat emergency. He has fully recovered! I received several emails from clients who have kindly shared some of their own emergency situation they have had with their own dogs. Do you have a plan of action should any emergency arise involving your dog? Check out DOGSafe at www.dogsafe.ca and take a first aid course taught by Michelle Sevigny and be prepared for your dog's sake.

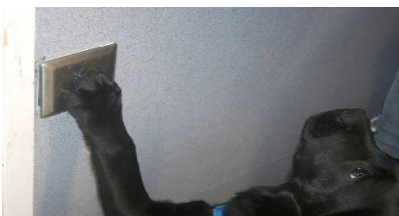

Well the North Shore News **2009 Readers Choice** announcements are in and again this year we voted Favorite Pet Daycare for the third year in a row! Thanks you so much to everyone who voted for us again this year. We are so proud of this achievement and continued support from all of you! We love dogs; and spending time with your dog is our privilege.

Do we have your and your dog's current information on file?

Next time you are please let us know and we will make any changes that need to be made such as contact names, phone numbers as well as license numbers and current medical and vet information.

UPDATE ON RIVER, SPOTS SPONSORED PADS PUPPY:

River has finished his days of Early Puppy Education and progressed with flying colours! He now has the skills required to turn on lights, open cupboards, push buttons and all of his other basic skills. He will be moving on to his socialization aspect by being placed with a puppy raiser next week and begin his luxury life of living in a home until he reaches the age of around 1. During this time he will learn to socialize with people and other dogs out in the general public and experience all the fun and exciting sights and sounds of the world.
